SATURDAY FEBRUARY 14, 1891

SENATOR STEWART'S GREAT SPEECH.

The JOURNAL is in receipt of a copy of the forcible and logical speech delivered in the United Senate, January 24, 1891, by Hon. William M. Stewart against the Force bill, which means Federal control of State elections.

The Senator denounces the bill as un-American, contrary to the genius of our institutions, and more prejudicial to human liberty than secession itself. With secession we should still retain local government. With Federal officers superintending local elections in every State in the Union there is no more home rule in America, and when that is destroyed all is lost. It was never contemplated by the framers of the Constitution; not even suggested by any of them that Federal officials should manage local elections of any kind, not even the election of Members of Congress, much less of State officers and electors of President and Vice President.

The Senator, who was continually interrupted by Hear, Spooner and other advocates of the bill, who tried to break the force of his argument, referred to some of the provisions of the bill as follows:

"We find on page 16 of the bill a provision for the appointment of supervisory and a subsequent number to attend to and supervise all the presents. We find on page 21 of the bill a provision that the supervisors are election officers, and that there are thus to be United States election officers at every precinct of the United States at the next election. We find on page 29 a provision that allows these election officers to pass upon the qualifications of voters, and also to swear them."

join with him in denouncing, yet, strange to say, there are in Nevada men who are such adroit political straddlers that they approved the action of the House in passing the bill, and will not deny that Senator Stewart did right in opposing it and exposing its infamous provisions.

President Harrison has congratulated Congressman Walker of Massachusetts on the fight he made in committee against free coinage.

The President and his Cabinet is expected to visit the Pacific Coast next April.

SUPERINTENDENT WHITED PROMOTED.

A Popular Railroad Man to Leave Nevada.

As heretofore announced in a dispatch to the JOURNAL, J. H. Whited, Superintendent of the Truckee Division of the O. P. R. R. has been promoted. He left for California yesterday where he will have charge of the Virginia, Yosemite, Fresno and Godden divisions of the Southern Pacific Railroad, with headquarters at Tulare. Mr. Whited came to Nevada when a mere boy, shortly after the completion of the Central Pacific, and was train dispatcher at Carson for several years. Some thirteen years ago he came to Wadsworth in this county, and for eight or nine years past has been Superintendent of the Truckee Division of the Central Pacific, which for a while extended from Truckee to Weis, a distance of over 40 miles.

Mr. Whited was popular with the employees on his Division, as he gave to young strikers as well as the older conductor a hearing, and had many personal friends among the citizens at Wadsworth and along his Division.

M. S. Whited and children will leave California in a few weeks, and the lady, like her husband, will be missed in social circles, as she took a lead part in several events that were calculated to help the people among whom she resided.

Mr. Whited is in the prime of life being only 38 years of age, and his friends hope that he will attain the highest position in the railroad before he is many years older.

A FATAL ACCIDENT.

Theodore Gebel at Run Over and Killed.

Yesterday Theodore Gebhardt, who conducted a barbershop on Virginia street, was with others taking the horse cart to the stable at Mr. Fulton's place. Koppe's express wagon came along and the rope was handed to men who were in the wagon.

Mr. Gebhardt, who was assisting in pulling the cart, attempted to get into the wagon but in doing so slipped and was run over by the cart. He was taken into Hospital, near which the accident occurred, and medical aid was summoned to his assistance immediately, but he was found injured and expired in about twenty minutes.

Deceased had resided in Reno for several years. He was unmarried and, so far as known, has no relatives on the coast. He was a member of Minnehaha Tribe No. 3 L. O. R. M., of this place, by whom the funeral services will be conducted.

A Misunderstanding.

A misunderstanding exists between the Clerks' League and S. Jacobs the merchant. The League asserts that Mr. Jacobs, with a number of other merchants, agreed to close his place of business at 6 o'clock every evening, and signed an agreement to that effect, and that all who signed the agreement, except Mr. Jacobs, have kept their promise. Mr. Jacobs, on the contrary, says that he excepted Saturday nights when he signed the agreement. A copy of the original document is in existence, therefore, not to be much difficulty in determining who is right. Merchants certain, can close no sooner by adhering to the 6 o'clock closing rule, as everybody will understand that they must make their purchases before that hour.

Tom Hymers Bears from His Friend.

ORVILLE, February 7, 1891.
DEAR TOMAS HYMERS—I am here in this State, and in the hospital. I will see you as soon as possible. I have not lost anything by the change. We are as good as we wish and live in a house by ourselves and have all we need to eat and drink, and have no one to tell you how in the State of Nevada and Reno to Hell by starving the poor, and I hope you will get your reward for it.

Another Whitechapel Murder.

LONDON, February 13.—The woman found murdered in Swallows garden has been identified as an unfortunate known as "Carrot Nell." The police arrested a man whose clothes were ragged but who had a refined appearance.

Mandelbaum Returns.

SAN FRANCISCO, February 13.—The steamer Monowai, which sailed for Australia Saturday returned to-day with a broken shaft. Among the passengers was Robert Mandelbaum, who was reported to have levitated, owing over \$10,000. He says that his firm owes but little to outsiders and that he started for Australia on business.

These are but a few of the many points made by the Senator for liberty of the voter, and against a measure which every American citizen worthy of the name must

Excitement at the Whisky Trust Headquarters.

Special to the Journal.

PORTER, Ills., February 13.—Although the whisky trust people still maintain that George Gobell is entirely innocent of a conspiracy to destroy the Shreveport distillery the general public has come to the conclusion that he is guilty. NEW TO-DAY.

WHAT IS SCROFULA?

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings, which causes painful running sores on the arms, legs, or feet, which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" which, tinging upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or afflictions, for very few persons are entirely free from it.

How Can It Be CURED?

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla.

"My daughter Mary was afflicted with scrofulous neck from the time she was 22 months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLILE, Nuttall, N. J.

Yester day a spark from a chimney
caught in a layer of manure on strawberry
beds near the residence of R. L. Fulton.
A strong wind prevailed at the time and
fanned the spark into a blaze which com-
municated with the fence. An alarm was
sounded and the firemen were promptly on
hand, but when they reached the scene the
fire had been extinguished by some ladies
and gentlemen, who formed a bucket bri-
gade and doused the manure with water.

"Ole Olsen."

The successful play "Ole Olsen," one of
America's greatest comedies, will be pre-
sented at McKissick's Opera House this
evening. The eastern press is unanimous
and unstinted in its praise of "Ole Olsen."
It drew crowded houses in all the large
cities of the East for a week at a time.

The St. Louis Globe-Democrat says: The play
is a novelty. The central figure is that of
"Ole Olsen." His make-ups and costumes
are very amusing. The part is in the
hands of Robert L. Scott, and he does it
to the appreciation of the audience as a
whole, and particularly to the Swedish por-
tion. His songs and recitations are of an
entertaining character. The soubrette part
is another splendid one, the best of the
play, really, as taken by Marie Heath.

She is a very clever little woman, and has a
character song, "Won't You Come Out and
Play?" which takes an audience at the
start. Sadie Connolly has several Irish
songs and dances, which adds considerably
to the entertainment, and she does them
very well indeed. Miss Belle Barron has
but very little to do, but does it satisfac-
torily. A. W. Fremont is a villainous vil-
lain, and the rest of the cast is capable.

THE GRAND JURY REPORT.

An exhaustive report from the Grand
Jury impaneled in the District Court some
weeks ago was submitted by the Foreman
of the body night before last. It contains
much information of interest to the public
and is a very comprehensive document. It
shows how the revenue is defrauded in the
matter of licenses evidently without intent
to do wrong on the part of business men
or officials, who have simply followed the
custom in vogue for years. It also com-
ments somewhat harshly on the action of
the County Commissioners in purchasing
tickets for indigents, though that custom
prevails in all the counties of Nevada and
is sanctioned by the taxpayers of many of
them, as the least expensive method of rid-
ing the community of persons with no
visible means of support, who come from
nobody knows where, and at times appear
as numerous as toads after a thunder
shower in many towns along the railroad.

Though there is no law authorizing the
Board of Commissioners to pay for the
transportation of those indigents out of the
county and the State, it is generally con-
ceded that it is less expensive to the tax-
payers to ship them to their friends than
to have them a permanent charge on the
county.

The report contains many valuable sug-
gestions and gives the ideas of the mem-
bers of the jury as to what the salaries of
county officers should be and it insists upon
the enforcement of the midnight closing
law.
